

Quick Start Guide To:

The Swiftpage for ACT! Snapshot Tool: The Who Is Window

Links view:

The Who Is window in Snapshot allows you to perform a number of online searches across multiple search engines, to learn about who your contact is, what they look like and who else may talking about them. You can save images, text and links to have as a future reference. To access the Who Is window in ACT!, first click on the Snapshot tab in the Contacts view in ACT!. Then, click on the Who Is tab, and the Who Is features will be shown:

Мар	Google Maps Maps.Live MapQuest Yahoo! Maps	
	All Person, Image and Company Cancel	

Simply choose the search criteria you want and a browser window (or windows) will be launched, giving you the information requested. The "Person, Image and Company" button opens three separate browsers, one of which performs a search for the person's name, the second of which searches for an image based on the person's name, and the third of which performs a search based on the company name.
