Quick Start Guide to:

Creating a Dynamic Group

A Dynamic Group is a group which automatically adds or removes contacts based on how they qualify against a specified criterion. This Quick Start Guide details the steps of creating a new Dynamic Group.

2. Enter your account details at the top of the screen and click Submit.
3. Once you are on the Swiftpage Connect Portal, click List Manager.
4. Click Groups.

5. Click Create Dynamic Group.

6. Select the criteria and then enter a Group Name. Click Submit to finish creating your Group.
