

Quick Start Guide to:

Creating a Short Survey Link

The purpose of a short survey link is to provide a simple link to your survey. You can, for instance, link to your survey using <http://www.swiftpageemail.com/survey/SPF> rather than <http://www.swiftpageemail.com/spe.support/SurveySPFRecord/Survey.aspx>. This Quick Start Guide provides the steps for creating a short survey link.

1. Create a survey.
2. Click Survey Management.

3. Click the Create Short Link button.
